### Bumitama partners up in the Kampus Merdeka programme

As one of the nation's leading oil palm plantations, Bumitama proudly announce that we have been officially selected as a partner by the Ministry of Education in the Kampus Merdeka programme – 3<sup>rd</sup> Cycle (July 2022 to December 2022) by the Ministry of Education of Indonesia

In our pursuit for excellence, we constantly look for ways in improving the quality of our people. Our programme of "Collaboration and Innovation" is one the biggest internship certificate programme in the palm oil industry of Indonesia.

In line with the Collaboration and Innovation's theme, in addition to supporting the Government target in increasing students' skillset, we are in collaboration with universities in Indonesia to disseminate information on the internship certificate while sharing our knowledge about palm oil plantation in a general stadium/public lecture setting.

It is always our pleasure to be Collaborating and Innovating with students all over Indonesia through our internship certificate programme. You may find more details about our internship certificate programme below.

*Note: The latest submission of Internship Certificate Programme is 10 July 2022*
